TOWN OF LEE
STATE OF NEW HAMPSHIRE
TOWN WARRANT

To the citizens of the Town of Lee, County of Strafford (S.S.), State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Lee Town Hall on Tuesday the sixth day of March 1973 to act on the following subjects:

(Polls will be open from 10:00 a.m. to 7:00 p.m.)

1. To choose all necessary Town Officers for the ensuing year.

2. To see if the Town will vote the changes in the Zoning Ordinances as proposed by the Lee Planning Board.

(Articles 3-19 will be taken up at the Mast Way School on Wednesday the seventh day of March 1973 at eight o'clock in the evening.)

3. To raise such sums of money as may be necessary to defray Town charges for the ensuing year as may be necessary for General Government, including Town Officers' salaries and expenses, election and registration, Town Buildings; for Health, Vital Statistics, Building Inspector's expenses, Public Library, Employees' Retirement and Social Security, Insurance, Planning and Zoning, town reports, Recreation, interest on temporary loans, cemeteries, County Tax, dog damage, legal expenses, Town Poor, Conservation Commission, Police Department, Highway Department, Fire Department and Town Dump.

4. To see if the Town will vote to raise and appropriate the sum of ten thousand (\$10,000.) dollars to be deposited

with the Trustees of the Trust Funds as Capital Reserve for equipment for the Fire Department.

5. To see if the Town will vote to raise and appropriate the sum of ten thousand (\$10,000.) dollars to be deposited with the Trustees of the Trust Funds as Capital Reserve for meeting expenses attendant to the State Law banning open dump burning.

6. To see if the Town will vote to raise and appropriate the sum of six hundred twelve dollars and three cents (\$612.03) for construction of Class V Highways under the provisions of TRA so-called. The State will contribute the sum of four thousand eighty dollars and twenty cents (\$4,080.20).

7. To see if the Town will vote to raise and appropriate the sum of three hundred eighty four (\$384.00) dollars for electrical fixtures and repairs to the main hall, lights for the Police stairway and a gas heater for the Town Hall.

8. On petition of the Trustees of the Trust Funds and ten registered voters of the Town: To see what sum of money the Town will vote to raise and appropriate for the construction of a fence or wall in front of the Lee Hill Cemetery.

9. To see what sum of money the Town will vote to raise and appropriate for the purchase of a new cruiser.

10. To see what sum of money the Town will vote to raise and appropriate for building and equipping an addition to the Town of Lee Library.

11. To see what action the voters wish to take regarding the distribution of 1972 Revenue Sharing Funds. (\$14,-299.00).

12. To see if the Town will vote to raise and appropriate the sum of eight hundred (\$800.00) dollars for the Durham Ambulance Corps.

13. To see if the Town will vote to raise and appropriate the sum of seven hundred fifty (\$750.00) dollars for the Oyster River Home Health Associates.

14. To see if the Town will vote to raise and appropriate the sum of seven hundred ten (\$710.00) dollars for the Strafford Guidance Center.

15. To see if the Town will vote to raise and appropriate the sum of nine hundred fifty (\$950.00) dollars for the Strafford Regional Planning Commission.

16. To see if the Town will vote to elect the Town Road Agent for three year terms and require a ten day lead period for transfer of equipment after elections.

17. To see if the Town will vote to authorize the Selectmen to sell property acquired from tax sales.

18. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

19. To transact any other business that may legally come before this meeting.

Given under our hands and seal this fifth day of February, in the year of our Lord, nineteen hundred seventy three.

MELVIN E. JENKINS,
PAUL G. COTTON,
ELMER K. FOGG, JR.,

ETHEL H. HINDS
Town Clerk

REPORT OF THE LEE POLICE DEPARTMENT

The year 1972 was a year of change in the Police Department. There were changes in personnel, equipment, work load and priorities.

Chief Frank Walden retired from the Department after many years of service to the Town. Chief Walden spent many sleepless nights answering complaints in the town and his dedication should be recognized.

On the 26th of April the Lee Police Department became a full time Department. Since that time there has been a steady increase in the work load. From April 26 until December 31 the Department answered 321 complaints, 82 of which were phony. There was a total of 209 accidents covered by the Department and only 5 of these had serious personal injuries. Radar has been used extensively throughout the town and a majority of the court appearances were due to the radar. The Department presented 219 motor vehicle complaints to the court. During the period of 26 April to December 31 the Department arrested 33 people. Many of these arrests were for D.W.I. The Department became involved with juveniles 28 times during this eight month period.

For the eight month period the Department logged just over 23,000 miles and averaged 12½ hours per day, seven days per week.

A number of new faces appeared in the Department. Paul Cathcart was re-sworn as an officer. Paul is a trained man and has been invaluable. He has had prior experience with the Department and has also been a member of the Durham Police Department. Brian MacLean became a member in the late spring. He has a degree in civil engineering from U.N.H. and is presently employed by the State of New Hampshire as an engineer. Richard Dennis was also sworn in, in the late Spring. Richard is a graduate of the University

and is a life-long resident of Lee. His knowledge of the town has been most helpful. Lloyd Wood became a special officer in early summer. He has been to the State Police Academy and is a full time officer, holding the rank of sergeant with the UNH Police Department. He is also a graduate of UNH. The most recent member of our Department is Albert Gilbert. He has been a law enforcement officer for some twelve years. He is a full-time officer in Durham and is a part-time officer in Newmarket as well. Mike Main has remained on the Department. He has been an officer some three years in Lee and is the only man who has been with the Department continuously for that long. Mike has made the transition from part-time to full-time Department a great deal smoother.

The Department has purchased a number of pieces of new equipment. Two of the old surplus civil defense weapons were replaced. Also the Department purchased a bag mask rescusitator and an oxygen unit for the cruiser.

The year 1972 has been a most enjoyable and rewarding year for the Department. This could only happen with the support of the townspeople. For that support and understanding we thank each and every resident of the town.

Respectfully submitted,
BRIAN BURKE, *Chief*

1972 LEE POLICE REPORT

Chief Frank Walden, *Retired*

The report of the Police Department Activities from December 31, 1971 to April 24, 1972.

Answering to all Complaints, Accidents, Aid to Citizens, Assistance to other Departments, and Patrol time.

Hours spent on these Activities 501½ Hours.

Summons Issued	9
Defected Equipment	14
Warnings	8
Abandoned Car	1 (Recovered Stolen)
Complaints	22 (1 Admit to State Hospital)
Accidents	20 (4 hospitalized from Accidents)
Pedestrian hit by truck	1 (Fatal)

LLOYD F. STEVENS
Road Agent

REPORT OF THE FIRE CHIEF

The Fire Department had a very busy year answering 42 calls:

Structural	7	Dump (unauthorized)	0
Chimney	1	Accident (Highway)	6
Auto (Fires)	3	Mutual Aid to Others	1
Forestry	8	Miscellaneous	16
Loss of Buildings	\$25,090	Loss of Contents	\$2,495
Loss Mobile Homes, Autos, & rec. vehicles	\$9,915		

The above figures do not include numerous calls handled very ably by the four red net-work ladies, thus not requiring man power. The Durham ambulance was guided into roads and homes where they were needed by the use of our base station radio on quite a number of occasions. Also there were several more accidents handled for us by Durham Fire Department.

A successful training program was held during the month of May, utilizing a state supported program and instructor. The subject matter was extrication and light rescue of auto accident victims; a type of call we are getting more frequently. This was in addition to our continuing monthly training sessions.

The Department placed in service a 1967 tank truck of 1,000 gallon capacity early in October. This truck was homemade by donations of labor and talent from many different townspeople. The chassis, tank, and pump were purchased with \$2,625.00 of town appropriated funds and the lights, siren, and special plumbing were purchased with a \$1,000.00 donation from the Lee Fire Department Auxiliary. The value of the completed truck is \$8,000.00

The Directors voted to place the old truck into a reserve status for the use on dump and woods fires in summer and it will be drained in winter. Their reasons are (1) the low

dollar value of the truck on the market and (2) the still present need for trucks that can go back into the woods fires — something many of the newer trucks cannot do. Even in this limited reserve-type usage it is questionable how many more years' service we can get out of this truck. If it breaks down, repair parts will probably not be available.

We have one more truck in the same condition as the above and we will no doubt be asking the town to replace that one soon. More than that, in the next three to five years the Department will need both a new fire house and a new fire truck; large expenses compared to past Fire Department expenditures. Your Directors and I were faced with the problem of which to purchase first. Since a Class "A" pumper built to today's standards probably would not fit into our fire house, it was decided that a new station should come first, followed immediately by a new truck. Watch for recommendations for these items in the next few years.

Our Town has realized another spurt in growth and new construction this past year, with much more on the drawing boards. The Fire Department must grow with the town or better yet be one step ahead. This has caused the Fire Department to take another look at improving water supplies near these growth areas. No hydrants (non-pressure type) have been installed by the Town since 1966. Private citizens have installed four hydrants on their own initiative. In October the Directors requested the Soil Conservation Service to make a complete survey of Lee's water supplies and to make recommendations for developing these, and further, to supervise installation of non-pressure hydrants where needed. Our immediate needs are for water at the traffic circle and on Lee Hill. To speed the implementation of this plan there are funds in this year's budget request for one hydrant. Your Directors and I are also watching very closely for the availability of Federal Funds for developing water supplies under the Rural Development Act.

To improve our alarm system for calling out the firemen, our budget request includes funds for a larger siren atop the firehouse. This will be controlled by (1) the red network ladies and (2) from the front of the Firehouse. The Directors and I feel the purchases in equipment and building we make should be such that they will help us when we are ready to apply to the N.H. Board of Fire Underwriter to have our Department become recognized. The alarm system should fulfill one of the Underwriters' requirements. The possibility of Civil Defense matching Funds to assist in the cost of this alarm is being explored, but is doubtful.

Donations received this year total \$29.00. Three hundred feet of 1½" hose either burst or was declared unsafe. This same footage has been replaced by use of maintenance funds. New equipment gained are six firemen's coats, one two-way mobile radio, and numerous small hand tools and first aid items, many of which were homemade and inexpensive.

Our full-time Police Officer responds to all fire calls and this has helped us in several ways. Thanks to him and his special officers.

Respectfully submitted,
MAURICE HATCH, *Fire Chief*

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, Forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned — 1972 season:

STATE	410 fires	361 acres burned
DISTRICT	102 fires	55½ acres burned
TOWN	4 fires	¾ acres burned & 2 spot fires

Number of Permits Issued 165

ALFRED GRIMES

District Chief

MAURICE HATCH

Forest Fire Warden

REPORT OF THE LIBRARIAN

Due to the fact that Lee has many new residents, I am repeating some of my report of last year. The Trustees and I invite you to come in and visit your library and learn what it can do for you. The Library is affiliated with the New Hampshire State Library. This means we can borrow from them most books requested by you. If they do not have the book, they will borrow it from another library for us. We can also borrow through Interlibrary Loan. This means fiction or non-fiction for all ages, in all subjects. We can get your books for school assignments, through college. We can also borrow records and films.

The total circulation for 1972 was 5,513 books, 42 magazines, 20 records and 23 films. We had 988 adult borrowers and 813 children. The Bookmobile came twice and left 3,351 books and 25 records. Magazines and puzzles were also donated. We subscribe to 10 magazines and the puzzles can be borrowed the same as the books. We sponsored 23 film showings for the children of Mastway School, had seven story hours and held the third annual Art Exhibit during National Library Week.

We wish to thank all donors of gift books, magazines and puzzles and money.

As we add more books, we obviously need more shelf space to accomodate them. Shelving takes floor space and the time has come, now, when we do not have enough space in our present room. As of now, we need shelves for books.

The Library could use some volunteers. Not on a regular basis, but there are a few things we would like help with.

A Librarian in a small library must take eight Public Library Technique courses at UNH. Your librarian attended two this past summer and will complete two more this summer. One of these is in book cataloging, a job which urgently needs doing with Lee's collection.

HELEN MacDONALD
Librarian

Health & Building Inspector

PLANNING BOARD REPORT — 1972

The Planning Board held one meeting per month until August. From August to year's end, the Board held fifteen meetings. The Board held six public hearings on proposed subdivisions, involving approximately 65 house lots. The Planning Board also rejected a proposed apartment complex, consisting of 160 units. Ten field trips were taken by various members to inspect site locations for proposed subdivisions.

In order to keep abreast of changing times, we have members now attending a Land Use Law course at the University of New Hampshire. We also had members attend a seminar on "Impact Zoning". Members have also met with the Public Service Company of New Hampshire concerning the pruning of trees and utility pole location on Scenic Roads in the Town of Lee.

During the year 1972 the Planning Board initiated a land use classification study. Work will continue on this project in 1973. We are also working on updating and revising our subdivision regulations.

LEE PLANNING BOARD

REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Board again had a number of requests for exception and/or variances during 1972 and I will briefly list them here. First, however, it should be noted that at the end of June we had some changes in the personnel of the board.

Everett Sackett, having served as the Board Chairman since its establishment, requested that he be relieved of the responsibility of the chair under physician's orders that he curtail his activities somewhat. He did consent to remain as a member. The time he has spent in carrying out the duties of the chair has been most appreciated by the Board; his knowledge of how and where to find information has been most helpful. Larry Hill, also an original member of the Board, submitted his resignation due to health, and he too, has been a faithful servant of the town through the Board of Adjustment. Appointed to the Board, and its newly elected Chairman, is Aaron Chadbourn. Other members continue to be Everett Sackett, George Goodridge, Lewis Jennison and Wallace Dennis, who continues on as Clerk of the Board. Ann Schulz is an alternate member.

Briefly, the Board acted on the following:

May 15: Everett Sackett - special exception to operate an educational consulting business at his home - granted.

May 30: Lloyd Saulnier - special exception to operate a filling station and light auto repair business - granted with limitations; Bruce Bacon - special exception to conduct a craft shop and sales building on the corner of the Cartland Road and Route 125 - granted with limitations.

June 29: Walter Cheney - a variance to build 2000 foot cul-desac road in planned sub-division off Bennett Road - granted.

November 13: John E. Randall - a variance to build a recreation building on his camping area - granted with

limitations; Francis Pond - a variance to build a small sales building on the Fernald used car lot - granted.

During the year the Board has also had correspondence relating to the Harvey case of 1971.

/s/ AARON CHADBOURN
Chairman

REPORT OF THE LEE CONSERVATION COMMISSION

The Lee Conservation Commission has had monthly meetings during the past year, with the exception of July and August.

Robert Keniston, Sr. was appointed a new member.

The Town voted to designate and maintain Cartland Road, Demeritt Avenue and High Road as Scenic Roads. This means that these roads must be kept in as near their present condition in regard to surface and tree cutting as possible. Selective cutting and trimming necessary for extending power lines on one of the roads was done this summer. The Public Service Company has worked very well with the Planning Board in setting up guide lines for use on Scenic Roads.

This Spring, free wood from fallen and cut trees was offered to the townspeople from the nature trail area. Two different times were specified and Conservation members were at the area, but no one else showed up.

David Jenkins was the only interested applicant for Conservation Camp and was accepted. We would like to see more interest and would possibly send two children.

The Commission supervised the planting of flowers, shrubs and wildlife plantings around the Mast Way School in connection with Arbor Day. The school children did all the planting.

An easement of land along Clark Brook was gratefully received by the Commission from Walter Cheney. (Brook on Wednesday Hill Rd.) This easement assures the town that the area will be kept in its natural state and the brook will remain unpolluted from the new homes being built nearby. The easement does not grant public access however.

Tony Federer was appointed to the Commission in December.

The nature Trail has been widely used by the school and several of the members have assisted the teachers in taking classes out around it.

Respectfully submitted,

GAIL SANBORN
PATRICIA BRUNS
Co-Chairmen

*REPORT OF THE
LEE RECREATION COMMISSION FOR 1972*

Extensive effort was put into the town recreation area next to Mast Way School in a successful attempt to make it a multi-purpose facility. Asphalt was laid following proper grading. The removal of side boards and installation of nets now transforms the winter skating rink into a summer tennis court. Lines will be painted on the court in the Spring of '73.

In spite of the slow season, due to lack of snow, Beech Hill Recreation Area, the cooperative ski slope in Madbury, managed to meet operational expenses from ticket sales. The \$1,000 insurance bill required by law, was paid by the supporting towns. The area now has a 15' x 22' warming hut that was donated and put up by voluntary labor. The tow was donated, so the Beech Hill Recreation Commission can start the season with no out-standing debts. Slowly first aid equipment is being acquired. Two toboggans were donated and a traction splint was purchased.

On July 11th, at 7:30 p.m. A Special Town Meeting was held in the Town Hall, at which time the citizens of Lee gave the Recreation Commission permission to establish a cooperative arrangement with Durham and Madbury for the purpose of the development of facilities and involvement in recreation programs under the auspices of a duly formed Tri-Town Recreation Commission. This Commission has not yet been formed.

Respectfully submitted,
LAVOHN WEYRICK, *Chairman*

LEE HISTORICAL SOCIETY

With a membership of over one hundred and twenty-five (including several out-of-staters) and a variety of projects to its credit, the fledgling Lee Historical Society is winding up a successful second year.

The historical exhibit and craft demonstrations at the Town Hall during the Lee Country Fair last September created a great deal of interest. In addition, the Society had a booth on the Fair Grounds where foods, made by members from old-time recipes, were featured.

During the past year the Society sponsored a contest for a design to be used as its official seal. The judges, composed of the Society's directors, selected David Allan's entry as representing the most typical aspects of the town's early history — right down to a jug of switchell out in the hay-field! Mr. Allan chose a life membership in the Society as his prize. An added honor was the selection of his seal as the cover design for this year's Lee Town Report. Pamela Bruns' and Ewell Morrison, Jr.'s excellent entries are being framed and will be on permanent display in the Town Hall Museum.

Mrs. Renata Dodge is doing a superb job ferreting out and cataloging many of the forgotten old family cemeteries in Lee. With her crew of willing Junior members and Charlie Hobbs, Mrs. Dodge has cleared brush and set up fallen stones in the more neglected cemeteries. Although on a year's leave of absence in Great Britain, she is still pursuing her historical research as she delves into the connection between the Lee, N.H. Cartlands and the Cartlands of Scotland. Watch the Town Crier for further developments!

The Society is especially proud of its Junior members who are full of enthusiasm and good ideas. They provided refreshments and the social hour at the November meeting as well as helping on committees.

The Society has received many interesting and valuable

donations including manuscripts, books, tools, articles of clothing, Indian artifacts, and just recently, films and slides of the town's Bicentennial parade. We are indeed grateful to our generous donors and encourage more contributions to share with us and the community.

The Society holds four meetings a year: April, June, October and November. Anyone interested in preserving the historical aspects of the town, is cordially welcomed to join.

We see many worthwhile projects and activities ahead and hope more people will enjoy them with us.

The next meeting will be held in April. Watch the Town Crier for details.

Respectfully submitted,
MARION D. STEVENS
LHS President

REPORT OF STRAFFORD REGIONAL PLANNING COMMISSION

The Strafford Regional Planning Commission, one of seventeen delineated in 1968, is established under State Statute 36:45 which says in part: "the purpose . . . shall be to enable municipalities to join . . . in regional planning commissions whose duty it shall be to prepare a coordinated plan for the development of a region, taking into account present and future needs with a view toward encouraging the most appropriate use of land, such as for agriculture, forestry, industry, commerce, housing, . . . transportation, . . . parks, . . . shorefront development, . . . public buildings, . . . and for the improvement, redevelopment, rehabilitation, or conservation of residential, business, industrial, and other areas, . . . "

The Strafford Region includes all municipalities in the Strafford County plus the towns of Nottingham and Newmarket in Rockingham County. Of this number, Dover, Durham, Lee, Madbury, Newmarket, Rollinsford, and Somersworth, together with Strafford County are official supporting members, i. e., legally entitled to share in the management and services of the Commission and to acquire certain Federal funds available only to Commission members.

During the past year the Commission has completed two major regional studies: "Solid Waste Disposal" and "Open Space". Technical and financial support has been given to recycling efforts, especially in Dover. A pilot recycling proposal from Nottingham has received Commission endorsement and the University of New Hampshire has requested Commission representation in its waste disposal research efforts.

Commission Directors have tried to keep up to date on recent state and federal policies by participating in area meetings on topics such as coastal zone legislation, environ-

mental priorities, natural resource policies, and federal revenue sharing.

Part of the obligation of the Commission is to participate in so-called A95 reviews which consist of monitoring federal funding. Grants in excess of five and a half million dollars going to Dover, Durham, Rollinsford and Newmarket were reviewed and supported. "Community Viewpoints", a pictorial presentation of local resources and problems, were prepared for Madbury and Rollinsford.

The Commission notes with sorrow the prolonged illness and eventual death of its executive director, Charles Noyes. They nevertheless continued to meet in regular sessions to carry on the work in progress. The office at 600 Central Avenue, Dover has now been reopened with Silas Weeks, on loan from the University of New Hampshire, serving as director. Plans have been completed for an aggressive program in the coming year and permanent staff will be recruited.

Financial support for the Commission is divided approximately equally between local member communities and the federal government. More detailed reports of the past year's activities and expenditures and the anticipated plan of work and budget for Fiscal 1974 are available at the Commission office.

AARON CHADBOURN,
Commissioner, Lee

GAIL STEVENS,
Commissioner, Lee

Approved, Executive Comm., December 13, 1972.

DURHAM AMBULANCE CORPS

Townpeople in Lee were much healthier in 1972 than they were the previous year, if the calls for help from the Durham Ambulance Corps can be used as a measurement. In 1971 the ambulance responded 31 times to Lee people who were sick or injured. In 1972 there were only 21 calls.

The ambulance made 21 runs to Lee in 1972 at the request of the Lee Police Department or State Police to help them at automobile accidents. It was the same number of accident runs as in 1971.

A new 1972 Cadillac ambulance was purchased in May with the assistance of the Federal Highway Safety Program. The vehicle, which has considerably more equipment than the minimum required, cost \$20,500. Of this amount the Federal share is \$7,750. The Corps was able to pay \$9,600 of its share from income and savings, leaving about \$3,200 to be paid. The budget for 1973 includes this amount.

From an organization that began in 1967 with a group of interested Lee and Durham townpeople who wanted to memorialize Dr. George G. McGregor, the Corps now has about 20 active members, a record of 367 calls last year to the UNH-Durham-Lee-Madbury community, and a budget of about \$10,000.

Lee's proportionate share of the cost of operating the Corps in 1972 was \$800, based on the service in 1971. The decrease in runs in 1972 would indicate a reduction in the town's appropriation. However, in orderly planning for the future, including new equipment and eventually a second ambulance, it would be helpful if Lee's appropriation could remain at \$800 in 1973.

OYSTER RIVER HOME HEALTH ASSOCIATION

The Oyster River Home Health Association is a Visiting Nurse Agency incorporated February 12, 1967, to serve the towns of Durham, Lee, Madbury and Newmarket. The Board of Directors consists of five residents from each of the towns; standing committees include representatives from related professional fields.

In addition to the regular home visits made at the request of attending physicians in the four town area, we are most proud of our Well Child Conference which is held in Newmarket on the third Monday of each month at the Fire Station. Our Conference has been used as a model for other ones set up by other Agencies in the State and we were fortunate enough to receive a grant for the year 1972-73 from the Bureau of Maternal and Child Health of the State of New Hampshire.

Clinics in which we participated this year included the Diabetic Screening Clinic in Durham and Newmarket; a Pap Smear Clinic in Newmarket run in conjunction with the Newmarket Health Center; an Audio Visual Clinic in Newmarket in November and Tine Testing done at the Lee Cooperative Nursehy School.

The Agency has signed a contract with the Dover Area Family Planning Council in December. We are also involved in follow-up work in the Newmarket area for patients released from the State Hospital. UNH students in both Nursing and Occupational Therapy have affiliated with Oyster River Home Health for the purpose of observation of both our home visit techniques and also our Well Child Conference. We continue to make referrals to the Crippled Children's Clinic and the Heart program and to participate in any community activities which we feel will benefit any of the four communities which we serve.

A final feather in our cap for this year was to be chosen as

one of the three Seacoast Home Health Agencies to participate in the Medicaid Screening Program. In this way we hope to reach all children who are in need of medical help and are on Medicaid.

The Association is supported by tax deductible contributions from organizations and individuals, by memorial gifts, memberships, nursing fees and funds voted by the participating towns. In addition, some grants have been made for special purposes by both the State and Federal Government for specific programs for specific periods of time. Continued support from the four towns through appropriations to be made at the 1973 Town Meetings is anticipated.

REPORT OF STRAFFORD GUIDANCE CENTER, INC.

The Strafford Guidance Center is a community mental health agency with offices in Dover. It is accredited under the state Community Mental Health Centers Act, RSA 126:B, and is qualified to receive state and local funds from both public and private sources.

The services of the Strafford Guidance Center are available to all residents of Strafford County without regard to ability to pay. In the last year, members of the Guidance Center Staff treated a total of 904 patients, people of all ages, only a small percentage of whom were able to pay the Center the full value of services rendered. Attached is a chart indicating the extent of patient use in your community in the last year.

The Guidance Center exists to provide a needed public service. To provide that service it needs public support. The total operating budget last year was \$153,571.00 The Guidance Center Finance Committee anticipates operating costs of \$165,508.00 in the fiscal year beginning July 1, 1973. This figure reflects only the anticipated increase in salaries and operating expenses to maintain present programs. Of this amount \$33,850.00 must be raised locally from public and private sources in the County.

The Guidance Center Finance Committee is requesting all towns and cities in Strafford County to share on a proportionate basis the burden of meeting operating costs at the Center during the next year.

To meet anticipated operating costs in the coming year, the undersigned request that the following amount be included as an appropriation for the Strafford Guidance Center in the town budget for the present year: \$710.00.
